

Cooperating Objects NETwork of Excellence

7th Framework Programme

www.cooperating-objects.eu

ICT 2008 Session on:

Wireless Sensor Networks Infrastructures in Real-World Environments Challenges and Directions

Organizers: Stamatis Karnouskos and Pedro José Marrón

The CONET Consortium

ICT Event 2008, 25 Nov 2008, Lyon, France.

Agenda

- **Objects! Cooperating Objects Everywhere!**
Pedro José Marrón (Univ. Bonn / Fraunhofer IAIS)
- **Wireless Sensors Networks : are they ready for industrial applications ?**
Jean-Pierre Desbenoit (Schneider Electric)
- **Wireless Sensor Networks Infrastructures in real-world environments**
Mathilde Durvy (CISCO)
- **The added value of Wireless Sensor Networks in Enterprises**
Stamatis Karnouskos (SAP)
- **Wireless Aerial Cooperation Systems**
Anibal Ollero (Univ. Sevilla - CATEC)

Discussion: Future applications, challenges, barriers, mass-market penetration.
